BACHELOR THESIS QUESTIONNAIRES

Dear participant,

I am Truc, a student in Data Science and Knowledge Engineering, Maastricht University. This anonymous questionnaire is designed to collect data for my Bachelor Thesis research. There are ten required questions and one optional question. Nine in total that are LIKERT scales, from 1 to 10, where 1 and 10 are clearly defined in each question. Please fill in the survey honestly with your experience (feeling) after using the Habtic app. Your data will be treated anonymously and fairly and be kept confidential. The e-mail address is only used for tracking which testing group you are in. It will

The e-mail address is only used for tracking which testing group you are in. It wil immediately be dropped after group identification.

If you have any questions, please do not hesitate to contact me.
